

#OneProv

Thank you for your interest in becoming a corporate sponsor for Providence High School. This is an exciting time for our school, as we are launching #OneProv, an initiative designed to encourage our students to continue to succeed at the highest levels in CMS, and to create a strong community that bonds students, faculty and families.

The concept of #OneProv will remind our school community that, while we each have our own interests and may be involved in different activities (such as band, athletics, or DECA), we are all part of ONE PROVIDENCE community. In order for this initiative to succeed, not only do our students need to be connected to and supported by each other, but by the surrounding community as well.

Your financial contribution will help support our school, as well as provide funding for some fun, memorable activities for our students, staff and families. We believe that academics and community building are important parts of the high school experience. We hope to continue supporting our students with morale boosting activities and surprises throughout the year. Thank you in advance for helping us achieve this goal for our Providence families.
